## 1 Reading guidance

Literature is kept in a list at the end of the report, and is referenced by hard brackets[number]. Journals are shown by parentheses(number). Those can be found the folder called Journaler, which is contained in the electronical docomentation.

Futhermore the pictures and figures, that are used throughout the report, can be found in the folder called Billeder. This is also in the electronical documenation.

Lastly the PDF is interactive, meaning that clicking on references and chapters will jump to the list of literatures or the chapter respectively.
